

## ***2017 AAPT Guest Program – Newport Beach, California***

The 2017 AAPT Guest Program offers a range of group activities, some optional events and free time to explore Newport Beach on your own.

Monday begins with breakfast at the hotel. We will then leave the hotel via bus for a quick ride to Balboa Island which is a real joy with one-of-a-kind boutiques, shops & restaurants. We will then hop on board the Balboa Ferry that's been shuttling cars, people, bikes and sunbathers between the Peninsula and the Island for almost 100 years.

You may feel like you're walking in a movie set as you stroll along the waterfront and in fact you are! Newport Harbor was a favorite Hollywood film locale and you'll hear about some of the famous movies and TV shows such as "The OC" that were filmed or set in Newport, and the stars that made their homes here for many years. The combination of cozy cottages, stunning homes, and the 7,000+ yachts and sailboats makes for a camera-ready moment!

Over on the Balboa Peninsula, you'll take in the *Fun Zone*, anchored by the historic Pavilion, hub of the social scene back in the era of the Big Bands, and home to the Nautical Museum, then continue out to the Balboa Pier where the big, wide blue Pacific awaits! This is where your bus or transportation will pick you up. Lunch is included at the Harborside restaurant.

Tuesday morning begins with breakfast at the hotel followed by a short walk (or ride) to the Fashion Island Mall ([www.shopfashionisland.com](http://www.shopfashionisland.com)), within walking distance of the hotel. It is located right across the street from the Island Hotel and is a beautiful open-air shopping & dining destination all on one level, anchored by Macy's, Nordstrom's, Bloomingdales and Neiman-Marcus, with wonderful restaurants plus a food court down below. Lunch is included at True Food Kitchen. AAPT will also provide you with a little gift that will help you purchase something special to remember Newport Beach!

A final continental breakfast on Wednesday morning will give attendees a chance to visit and say goodbye until next year.
